Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.

The group always had good discussion in relation to whatever was on the agenda in a particular meeting. Everyone was always interested to hear SSP updates, and enjoyed hearing more about what staff and students were learning (in relation to ASK, SEL programming, Literacy, etc.). Discussion and learning around Equity and being Culturally Responsive was a highlight,

which included a session of learning with Glenn Thompson, Student Equity Consultant. The group provided feedback on communication with families (for example, regarding the Health Food Policy, Emergency Management Codes, new website, etc.).

Please list any significant milestones and success stories that the SAC would like to highlight.

The group agreed that the following were highlights of the year:

- Winter Wander'Land
- Fresh Food Cart
- Joint Meeting with Equity Presentation (MRE and Enfield in attendance)
